PRODUCT MANAGER | MOBILE JOURNEYS, SUBSCRIPTIONS & PAYMENTS

PROFESSIONAL SUMMARY

Product Manager with 5+ years of experience across B2B and B2C digital products, mobile-oriented customer journeys, subscriptions, payments, funnels, and data-driven optimization. Owns products from discovery and roadmap definition through UX, requirements, delivery, launch, KPI tracking, and iteration. At CallApp, leads onboarding, verification, activation, subscription, and payment-related flows and coordinates Engineering, UX, QA, Data, Marketing, Sales, Support, Operations, and vendors. Earlier founder/operator experience adds direct commercial ownership of customer acquisition, eCommerce, service, suppliers, fulfillment, and go-to-market execution.

PROFESSIONAL EXPERIENCE

CallApp | Product Manager, Branded & Verified Caller Identity | March 2023 - Present

- Own product strategy, roadmap, and delivery for branded and verified digital caller experiences across business-facing web journeys and a consumer mobile ecosystem.
- Lead onboarding, phone verification, profile creation, activation, subscription, payment, and customer-facing flows from discovery through launch and iteration.
- Translate user behavior, business needs, Support and Sales input, and operational constraints into PRDs, UX flows, acceptance criteria, edge cases, and priorities.
- Use GA4 and Firebase funnels, user behavior, defects, and support signals to identify drop-offs; mobile traffic share increased from 10% to 60% after UX and campaign-flow changes.
- Shape monetization and service journeys through pricing, subscription logic, activation, payments, and integrations with invoicing, card-payment, and CRM providers.
- Align Engineering, UX, QA, Data, Marketing, Operations, senior stakeholders, and vendors on tradeoffs, delivery, release readiness, and measurable outcomes.

Tapuhi | Founder, Product & Operations Manager | January 2017 - December 2022

- Founded and operated a D2C eCommerce product, owning the digital platform, customer journey, suppliers, fulfillment, staffing, budget, service, and go-to-market execution.
- Used customer feedback, user behavior, sales trends, and operational data to improve product discovery, purchase journeys, service delivery, and fulfillment workflows.
- Defined requirements and managed an external development company from UX planning through delivery, acceptance testing, launch, bug resolution, and new features.
- Managed technology, marketing, logistics, packaging, payment-processing, and credit-card vendors across the complete digital and operational journey.

HP (HPE) | Business Analyst | January 2015 - December 2016

- Gathered business requirements, modeled operational data, and translated complex production inputs into clear workflows, analytical tools, and process improvements for an industrial product line.
- Collaborated across operations, planning, business, and technical stakeholders and built analytical tools and reports supporting data-driven decisions and cost reduction.

HP (HPE) | Material Planner Analyst | January 2013 - December 2014

- Managed supply-chain planning across six operational divisions, including inventory monitoring, supplier coordination, exception handling, and VMI oversight; wrote work manuals and trained four logistics specialists.

SAP WIN | Project Manager | February 2012 - January 2013

- Managed a year-long, on-site SAP R/3 implementation across Production and Accounting modules, leading requirements, work planning, developer-user coordination, testing, training, Go-Live, and post-launch support.

EDUCATION

Ben-Gurion University of the Negev | B.Sc. in Industrial Engineering & Management | 2008 - 2012

Coding Academy Israel | Full-Stack & Frontend Development | July - November 2022
