SENIOR PRODUCT MANAGER | ECOMMERCE, CONVERSION & CUSTOMER JOURNEYS

PROFESSIONAL SUMMARY

Product Manager with 5+ years of experience across D2C eCommerce and B2B/B2C digital products, owning roadmaps and end-to-end delivery from discovery and requirements through UX, development, QA, launch, measurement, and continuous optimization. Hands-on experience spans customer-facing web flows, checkout, payments, subscriptions, fulfillment, service, suppliers, and post-purchase operations. Uses GA4, Firebase, customer feedback, sales trends, and operational data to identify friction and improve conversion journeys while coordinating Engineering, Design, Data, Marketing, Operations, and external partners.

PROFESSIONAL EXPERIENCE

CallApp | Product Manager, Branded & Verified Caller Identity | March 2023 - Present

- Own product strategy, roadmap, and end-to-end delivery for branded and verified caller identity experiences within CallApp's global consumer mobile ecosystem.
- Lead onboarding, activation, subscription, payment, and customer-facing web journeys; translate needs into PRDs, UX flows, user stories, acceptance criteria, and prioritized backlogs.
- Translate user and business needs into PRDs, UX flows, user stories, acceptance criteria, edge cases, and prioritized backlogs using Jira and Figma.
- Use GA4 and Firebase funnels, user behavior, defects, support signals, and market research to identify friction and prioritize measurable journey improvements.
- Shape monetization through pricing, subscription logic, activation, and payment-related journeys; led integrations with Green Invoice, Isracard, PayMe, and CRM systems.
- Align Engineering, UX, QA, Data, Marketing, Operations, senior stakeholders, and vendors on priorities, tradeoffs, delivery, launch readiness, and measurable outcomes.

Tapuhi | Founder, Product & Operations Manager | January 2017 - December 2022

- Founded and operated a D2C eCommerce product connecting farmers directly with consumers, owning the storefront, customer journey, suppliers, fulfillment, service, budget, and go-to-market execution.
- Used customer feedback, user behavior, sales trends, and operational data to improve product discovery, purchase journeys, conversion, service delivery, and fulfillment workflows.
- Defined requirements and managed an external development company from UX planning through delivery, acceptance testing, launch, bug resolution, and new features.
- Managed digital marketing, technology, logistics, packaging, payment-processing, and credit-card vendors across the complete customer journey and daily eCommerce operation.

HP (HPE) | Business Analyst | January 2015 - December 2016

- Gathered business requirements, modeled operational data, and translated complex production inputs into clear workflows, analytical tools, and process improvements for an industrial product line.
- Collaborated across operations, planning, business, and technical stakeholders and built analytical tools and reports supporting data-driven decisions and cost reduction.

HP (HPE) | Material Planner Analyst | January 2013 - December 2014

- Managed supply-chain planning across six operational divisions, including inventory monitoring, supplier coordination, exception handling, and VMI oversight; wrote work manuals and trained four logistics specialists.

SAP WIN | Project Manager | February 2012 - January 2013

- Managed a year-long, on-site SAP R/3 implementation across Production and Accounting modules, leading requirements, work planning, developer-user coordination, testing, training, Go-Live, and post-launch support.

EDUCATION

Ben-Gurion University of the Negev | B.Sc. in Industrial Engineering & Management | 2008 - 2012

Coding Academy Israel | Full-Stack & Frontend Development | July - November 2022
