DIGITAL PROJECT MANAGER | CUSTOMER JOURNEYS & ANALYTICS

PROFESSIONAL SUMMARY

Digital Product and Project Manager with experience leading customer journeys, web and mobile-oriented products, payment flows, analytics, and cross-functional delivery from discovery and requirements through UX, launch, KPI tracking, and continuous improvement. At CallApp, owns onboarding, verification, activation, subscription, and payment-related journeys and uses GA4 and Firebase to identify friction and prioritize improvements. Coordinates Engineering, UX, QA, Data, Marketing, Support, Sales, Operations, senior stakeholders, and vendors. Founder/operator experience adds direct commercial, service, budget, and customer-process ownership.

PROFESSIONAL EXPERIENCE

CallApp | Product Manager, Branded & Verified Caller Identity | March 2023 - Present

- Own product strategy, roadmap, and end-to-end delivery for branded and verified caller identity experiences within CallApp's global consumer mobile ecosystem.
- Lead onboarding, phone verification, business-profile creation, activation, subscription, payment, and customer-facing web flows from discovery through launch and iteration.
- Translate customer, business, Support, Sales, Marketing, and operational needs into PRDs, journey maps, UX flows, user stories, acceptance criteria, edge cases, and prioritized backlogs.
- Use GA4 and Firebase funnels, user behavior, support signals, defects, and market research to identify drop-offs and guide measurable journey improvements.
- Lead subscription, pricing, payment, invoicing, and CRM-related initiatives, including integrations with Green Invoice, Isracard, PayMe, and CRM systems.
- Align Engineering, UX, QA, Data, Marketing, Operations, senior stakeholders, and vendors on priorities, tradeoffs, delivery, launch readiness, and measurable outcomes.

Tapuhi | Founder, Product & Operations Manager | January 2017 - December 2022

- Founded and operated a D2C eCommerce product connecting farmers directly with consumers, owning the storefront, customer journey, operations, suppliers, staffing, budget, and go-to-market execution.
- Used direct customer feedback, user behavior, sales trends, and operational data to improve product discovery, purchase journeys, conversion, service delivery, and fulfillment workflows.
- Defined the product and managed an external development company from UX planning and requirements through delivery, acceptance testing, launch, bug resolution, and new features.
- Managed digital marketing, technology, logistics, packaging, payment-processing, and credit-card vendors across the complete customer journey and daily eCommerce operation.

HP (HPE) | Business Analyst | January 2015 - December 2016

- Gathered business requirements, modeled operational data, and translated complex production inputs into clear workflows, analytical tools, and process improvements for an industrial product line.
- Collaborated across operations, planning, business, and technical stakeholders and built analytical tools and reports supporting data-driven decisions and cost reduction.

HP (HPE) | Material Planner Analyst | January 2013 - December 2014

- Managed supply-chain planning across six operational divisions, including inventory monitoring, supplier coordination, exception handling, and VMI oversight; wrote work manuals and trained four logistics specialists.

SAP WIN | Project Manager | February 2012 - January 2013

- Managed a year-long, on-site SAP R/3 implementation across Production and Accounting modules, leading requirements, work planning, developer-user coordination, testing, training, Go-Live, and post-launch support.

EDUCATION

Ben-Gurion University of the Negev | B.Sc. in Industrial Engineering & Management | 2008 - 2012

Coding Academy Israel | Full-Stack & Frontend Development | July - November 2022
