PRODUCT & PROJECT MANAGER | DATA, UAT & ADOPTION

PROFESSIONAL SUMMARY

Product and Project Manager with experience translating business and user needs into digital products, requirements, PRDs, UX flows, acceptance criteria, UAT scenarios, rollout plans, and measurable improvements. Leads cross-functional delivery across Engineering, UX, QA, Data, Operations, Support, Sales, stakeholders, and vendors from discovery through launch and adoption. Uses GA4 and Firebase to identify friction and guide prioritization. Applies Claude, ChatGPT, Cursor, and Codex to research, specifications, documentation, prototypes, and feasibility checks without claiming ownership of a production AI product.

PROFESSIONAL EXPERIENCE

CallApp | Product Manager, Branded & Verified Caller Identity | March 2023 - Present

- Own product strategy, roadmap, and end-to-end delivery for a B2B SaaS product spanning onboarding, verification, activation, subscriptions, payments, analytics, and integrations.
- Translate business, user, Support, Sales, operational, and data needs into PRDs, UX flows, user stories, acceptance criteria, UAT scenarios, edge cases, and prioritized tasks.
- Coordinate Engineering, UX, QA, Data, Operations, Support, senior stakeholders, and vendors on scope, dependencies, testing, release readiness, rollout, and post-launch adoption.
- Maintain visibility across onboarding, verification, activation, subscriptions, payments, analytics, and external integrations, documenting decisions and cross-team handoffs.
- Use GA4, Firebase, support signals, defects, and operational data to identify trends, guide priorities, and support outcome-oriented reviews and continuous improvement.
- Use Claude, ChatGPT, Cursor, and Codex for research, specifications, documentation, UX exploration, working prototypes, and technical feasibility validation.

Tapuhi | Founder, Product & Operations Manager | January 2017 - December 2022

- Founded and managed a D2C eCommerce business, coordinating product development, customer experience, suppliers, fulfillment, staffing, budget, service, and go-to-market execution.
- Created procedures and trained teams across supplier intake, order handling, fulfillment, delivery, returns, customer service, reporting, and exception management.
- Managed multiple vendors and workstreams across software, marketing, logistics, packaging, payments, and operations, aligning priorities and accountable handoffs.
- Established an operating center and recruited, trained, and managed approximately 20 employees while using operational data to improve performance and processes.

HP (HPE) | Business Analyst | January 2015 - December 2016

- Gathered business requirements, modeled operational data, and translated complex production inputs into clear workflows, analytical tools, and process improvements for an industrial product line.
- Collaborated across operations, planning, business, and technical stakeholders and built analytical tools and reports supporting data-driven decisions and cost reduction.

HP (HPE) | Material Planner Analyst | January 2013 - December 2014

- Managed supply-chain planning across six operational divisions, including inventory monitoring, supplier coordination, exception handling, and VMI oversight; wrote work manuals and trained four logistics specialists.

SAP WIN | Project Manager | February 2012 - January 2013

- Managed a year-long, on-site SAP R/3 implementation across Production and Accounting modules, leading requirements, work planning, developer-user coordination, testing, training, Go-Live, and post-launch support.

EDUCATION

Ben-Gurion University of the Negev | B.Sc. in Industrial Engineering & Management | 2008 - 2012

Coding Academy Israel | Full-Stack & Frontend Development | July - November 2022

SKILLS & TOOLS

Product Execution: Discovery, roadmaps, PRDs, requirements, acceptance criteria, UAT, rollout, release readiness, adoption and iteration

Data & Tools: GA4, Firebase, KPIs, funnels, user behavior, Jira, Figma, APIs, CRM, basic SQL

AI-assisted Workflows & Languages: Claude, ChatGPT, Cursor, Codex, documentation and prototypes | Hebrew: Native; English: Fluent
