PRODUCT MANAGER | ECOMMERCE, PAYMENTS & POLICY-DRIVEN WORKFLOWS

PROFESSIONAL SUMMARY

Product Manager with 5+ years of experience across eCommerce, B2B/B2C digital products, payment and subscription journeys, business rules, API integrations, and data-driven optimization. Owns products from discovery and roadmap definition through requirements, UX, delivery, launch, measurement, and iteration. At CallApp, leads multi-step activation and payment-related flows and integrations with invoicing, card-payment, and CRM providers. Founder/operator experience adds direct understanding of consumer purchases, fulfillment, service, operational exceptions, and the tradeoffs required to turn complex policies into reliable customer and business outcomes.

PROFESSIONAL EXPERIENCE

CallApp | Product Manager, Branded & Verified Caller Identity | March 2023 - Present

- Own product strategy, roadmap, and end-to-end delivery for a B2B SaaS product serving businesses and users across verified web and mobile-oriented experiences.
- Lead onboarding, verification, activation, subscription, payment, manage-state, and failure-state journeys from discovery through launch and iteration.
- Translate customer, business, Support, Sales, and operational needs into product requirements, business rules, UX flows, acceptance criteria, edge cases, and priorities.
- Lead integrations with Green Invoice, Isracard, PayMe, and CRM systems, reading documentation, mapping dependencies, validating flows, and resolving issues.
- Use GA4 and Firebase funnels, user behavior, defects, and support signals to identify friction and guide improvements across activation and payment-related journeys.
- Align Engineering, UX, QA, Data, Marketing, Operations, senior stakeholders, and vendors on policy tradeoffs, delivery, release readiness, and measurable outcomes.

Tapuhi | Founder, Product & Operations Manager | January 2017 - December 2022

- Founded and operated a D2C eCommerce product, owning the storefront, customer journey, suppliers, fulfillment, payments, service, staffing, budget, and go-to-market execution.
- Managed real purchase, payment-processing, delivery, return, refund, service, and exception workflows across customers and external providers.
- Used customer feedback, sales trends, service signals, and operational data to identify recurring friction and prioritize product and policy improvements.
- Managed software, marketing, logistics, packaging, payment-processing, and credit-card vendors across the complete customer journey.

HP (HPE) | Business Analyst | January 2015 - December 2016

- Gathered business requirements, modeled operational data, and translated complex production inputs into clear workflows, analytical tools, and process improvements for an industrial product line.
- Collaborated across operations, planning, business, and technical stakeholders and built analytical tools and reports supporting data-driven decisions and cost reduction.

HP (HPE) | Material Planner Analyst | January 2013 - December 2014

- Managed supply-chain planning across six operational divisions, including inventory monitoring, supplier coordination, exception handling, and VMI oversight; wrote work manuals and trained four logistics specialists.

SAP WIN | Project Manager | February 2012 - January 2013

- Managed a year-long, on-site SAP R/3 implementation across Production and Accounting modules, leading requirements, work planning, developer-user coordination, testing, training, Go-Live, and post-launch support.

EDUCATION

Ben-Gurion University of the Negev | B.Sc. in Industrial Engineering & Management | 2008 - 2012

Coding Academy Israel | Full-Stack & Frontend Development | July - November 2022
