LEAD PRODUCT MANAGER | ECOMMERCE, OPERATIONS & SUPPLY CHAIN

PROFESSIONAL SUMMARY

Product leader with 5+ years of experience across eCommerce, B2B and B2C digital products, customer journeys, monetization, analytics, supply-chain operations, and cross-functional execution. Owns products from strategy and discovery through roadmap, requirements, UX, delivery, launch, measurement, and continuous optimization. Founded and operated a D2C eCommerce product connecting farmers directly with consumers, with responsibility for suppliers, fulfillment, service, staffing, budget, and go-to-market execution. Current CallApp work adds SaaS, subscriptions, payments, funnels, integrations, and global consumer-product experience.

PROFESSIONAL EXPERIENCE

CallApp | Product Manager, Branded & Verified Caller Identity | March 2023 - Present

- Own product strategy, roadmap, and end-to-end delivery for branded and verified caller identity experiences spanning onboarding, activation, subscriptions, payments, and customer-facing flows.
- Lead onboarding, phone verification, business-profile creation, activation, subscription, payment, and customer-facing web flows from discovery through launch and iteration.
- Translate user and business needs into PRDs, UX flows, user stories, acceptance criteria, edge cases, and prioritized backlogs using Jira and Figma.
- Use GA4 and Firebase funnels, user behavior, defects, support signals, and market research to identify friction, prioritize improvements, and evaluate outcomes.
- Shape monetization through pricing, subscription logic, activation, and payment-related journeys; led integrations with Green Invoice, Isracard, PayMe, and CRM systems.
- Align Engineering, UX, QA, Data, Marketing, Operations, senior stakeholders, and vendors on priorities, tradeoffs, delivery, launch readiness, and measurable outcomes.

Tapuhi | Founder, Product & Operations Manager | January 2017 - December 2022

- Founded and operated a D2C eCommerce product connecting farmers directly with consumers, owning the platform, customer journey, suppliers, fulfillment, staffing, budget, and go-to-market execution.
- Built and improved workflows across supplier intake, order processing, picking, packing, delivery, returns, customer service, reporting, and operational handoffs.
- Managed technology, marketing, logistics, packaging, payment-processing, and credit-card vendors across the complete customer journey and daily operation.
- Established an operating center and recruited, trained, and managed approximately 20 employees while using sales and operational data to improve performance and processes.

HP (HPE) | Business Analyst | January 2015 - December 2016

- Gathered business requirements, modeled operational data, and translated complex production inputs into clear workflows, analytical tools, and process improvements for an industrial product line.
- Collaborated across operations, planning, business, and technical stakeholders and built analytical tools and reports supporting data-driven decisions and cost reduction.

HP (HPE) | Material Planner Analyst | January 2013 - December 2014

- Managed supply-chain planning across six operational divisions, including inventory monitoring, supplier coordination, exception handling, and VMI oversight; wrote work manuals and trained four logistics specialists.

SAP WIN | Project Manager | February 2012 - January 2013

- Managed a year-long, on-site SAP R/3 implementation across Production and Accounting modules, leading requirements, work planning, developer-user coordination, testing, training, Go-Live, and post-launch support.

EDUCATION

Ben-Gurion University of the Negev | B.Sc. in Industrial Engineering & Management | 2008 - 2012

Coding Academy Israel | Full-Stack & Frontend Development | July - November 2022
