SENIOR PRODUCT MANAGER | B2B SAAS, STRATEGY, DISCOVERY & GTM

PROFESSIONAL SUMMARY

- Product Manager with 5+ years of experience owning B2B SaaS and B2C digital products from discovery through launch, adoption, and iteration. Turns customer, business, and operational insights into product strategy, roadmaps, clear requirements, prioritized delivery plans, and measurable outcomes. Experienced aligning Engineering, UX, Data, Marketing, Support, Sales, and external partners across complex initiatives, with hands-on use of analytics and AI-assisted tools to accelerate product work.

PROFESSIONAL EXPERIENCE

CallApp | Product Manager, Branded & Verified Caller Identity | March 2023 - August 2026

- Owned strategy, roadmap, and end-to-end delivery for a B2B SaaS product, from customer discovery and business goals through requirements, launch, KPI tracking, and continuous improvement.
- Translated customer conversations, Support and Sales signals, market input, and operational needs into PRDs, user stories, UX flows, acceptance criteria, business rules, and prioritized backlogs.
- Led multiple product workstreams across onboarding, business profiles, verification, activation, subscriptions, payments, and analytics, balancing user value, business impact, dependencies, effort, and time-to-market.
- Aligned Engineering, UX, QA, Data, Marketing, Support, Sales, leadership, and vendors on scope, tradeoffs, release readiness, launch, and post-release follow-up using Jira and Figma.
- Led API integrations with invoicing, payment, and CRM systems, reading technical documentation, defining requirements, mapping dependencies, and validating end-to-end behavior.
- Used GA4, Firebase, customer feedback, and support signals to identify friction and prioritize improvements; mobile traffic share increased from 10% to 60% following mobile UX and campaign-flow changes.

Tapuhi | Founder, Product & Operations Manager | January 2017 - December 2022

- Founded and led a D2C eCommerce product from zero, owning the platform, customer journey, go-to-market execution, operations, suppliers, staffing, budget, and business performance.
- Acted as product owner for an external development company, leading discovery, requirements, UX planning, delivery reviews, acceptance testing, launch, issue resolution, and post-launch changes.
- Used customer feedback, sales, service, and operational data to improve discovery, purchase, fulfillment, and support journeys and to guide product and business priorities.
- Managed parallel workstreams across technology, marketing, logistics, packaging, payment processing, and credit-card services, coordinating vendors, handoffs, and execution.

HP (HPE) | Business Analyst | January 2015 - December 2016

- Gathered business requirements, modeled operational data, and translated complex stakeholder input into workflows, analytical tools, reporting solutions, and process improvements for HP Indigo's industrial product line.
- Coordinated operations, planning, business, and technical stakeholders to improve performance visibility, decision-making, process consistency, and cost efficiency.

HP (HPE) | Material Planner Analyst | January 2013 - December 2014

- Managed supply-chain planning across six operational divisions, including inventory monitoring, supplier coordination, exception handling, and VMI oversight; wrote work manuals and trained four logistics specialists.

SAP WIN | Project Manager | February 2012 - January 2013

- Managed a year-long, on-site SAP R/3 implementation across Production and Accounting modules, leading requirements, work planning, developer-user coordination, testing, training, Go-Live, and post-launch support.

EDUCATION

Ben-Gurion University of the Negev | B.Sc. in Industrial Engineering & Management | 2008 - 2012

Coding Academy Israel | Full-Stack & Frontend Development | July - November 2022
